

Autism Spectrum Disorders: An Overview

Two dates and locations available:

- Thursday, April 11, 9 a.m.-12 p.m., TTI Troy office
1225 E. Big Beaver Rd., Troy, MI 48083
- Thursday, May 16, 9 a.m.-12 p.m., TTI Flint office
929 Stevens St., Flint, MI 48502

This training will help participants be able to identify myths of autism and define autism spectrum disorders. They will leave with an understanding of the diagnostic process, some possible causes of autism and the current rate of autism. In addition to addressing the sensory, medical and behavioral

issues that affect an individual with autism, the training will also focus on the impact of autism on the family, treatment options for both children and adults, and the availability of resources in the community.

Cost: \$45 **CEs:** Participants are eligible for 3 Social Work CEs
