MACOMB COUNTY COMMUNITY MENTAL HEALTH

2018 CORPORATE COMPLIANCE/ HIPAA

The MCCMH Board requires each provider agency to maintain a Corporate Compliance plan and each agency **must** provide training specific to their Plan and/or Policy. Staff will be educated on the agency's plan and procedures, as a required component of any corporate compliance plan. The Health Insurance Portability and Accountability Act (HIPAA) establishes workforce training requirements dealing with privacy and security practices. Initial training is to occur within 90 days from the start of employment and each provider agency **must** provide training specific to their procedures related to protecting consumer privacy and confidentiality.

The initial training must be completed face-to-face. If annual online refreshers in Relias are not taken a year from the date of the initial training, this live training must be re-taken.
