

ENCOUNTER CODES

Multi Family Group Family Psycho-education (FPE)

Face to face encounters with family (report one encounter per family no matter how many family members are present)

If provided as a group modality where families of several beneficiaries are present, report an encounter for each consumer represented.

FPE codes:

- T1015 should be used for the single-family joining session. It is a clinic visit and reported as an encounter. Standard length of encounter is 45 – 60 minutes.
- S5110/One unit for every 15 minutes for Family Skills Workshop.
- G0177 should be used for problem-solving groups. Standard length of group is 90 minutes.

Modifiers

HS When the consumer is not present for any one of these activities

AM When the FPE is provided as part of ACT

HE When a Peer Support Specialist is involved in delivery of FPE
