

Gender Identity and Youth

This course will explore how agencies and the community can become more LGBTQ (Lesbian/Gay/Bisexual/Transgender/Questioning) friendly. We will discuss current terminology for the LGBTQ community, explore how gender roles/heteronormativity effect individuals, and explore gender/sexuality as

a vast spectrum of identities. Moreover, this course will provide information related to suicide and drug prevention for individuals who do not identify with their gender assigned at birth. We will provide core skills needed to work sensitivity and compassionately with this population as well as addressing societal stigma, especially through education.
