*Part of the Integrated Care 2020 Training Series*

*1 SW CE Hours  
approved  
provider # MI-  
CEC 0038  
1 CDTs Hours  
(Children's  
Training Hrs)*

## 2020 Hypertension and Circulatory Concerns for Adults and Children

This training session offers attendees a chance to learn about the progressive illness that hypertension and coronary artery disease can become. It provides education for the risk factors and current treatment of circulatory illness. Providers of all disciplines can learn how to use this information to write integrated health goals for Individual Plans of Service, by creating S.M.A.R.T. Outcomes and planning appropriate interventions.

**Monday, December 7th**  
2:30-3:30

**Friday, December 11th**  
10:30-11:30

*Meeting information will be  
sent via email prior to  
training date*

**Trainer Biography:** Jeffrey Clark RN, ADN, is a Training Assistant in the Macomb County Community Mental Health's Training Department. His current role is in the education of direct and contract staff to meet state guidelines, agency policy and encourage positive individualized outcomes using evidence-based approaches. He has nearly fifteen years of experience as a registered nurse in the state of Michigan. Jeff has worked in both inpatient and outpatient mental health care, with previous experience in emergency and cardiac care hospital settings. He has developed numerous trainings for integrating health in the Community Mental Health setting and currently sits in the Integrated Care Work Group meetings for MCCMH.
